01

Scope of work

Sunset Strides Run Club is a community running club in San Francisco's Sunset District. The club holds weekly group runs along Ocean Beach and hosts four races each year. Its current logo, drawn by a club member in 2019, does not reproduce well on singlets, race bibs, or Instagram.

I will design a new brand identity for the club, including a logo suite, a color and type system, Instagram templates, race and apparel graphics, and a brand guidelines PDF. The new identity will launch at the First Light 5K on January 1, 2027.

02

Deliverables

01 Logo suite: primary logo, secondary logo, and club mark, each in color, black, and white
02 Color palette and type system
03 Instagram templates: 3 posts and 2 stories
04 Graphic for the club singlet and tee
05 Race bib for the First Light 5K
06 Brand guidelines PDF, 12 to 16 pages
07 Final files in AI, SVG, PDF, and PNG

Client to provide: current logo files, club photos, and the 2027 race calendar.

Not included: website design, printing, photography, and trademark registration.

05

05

Terms

These terms apply to all work under this agreement between Petra Helebrantová (“Designer”) and Sunset Strides Run Club (“Client”).

01 Commencement

Work begins upon receipt of the signed agreement and deposit.

02 Hourly rate and estimate

The Designer’s rate is $45 per hour. The estimated hours cover the scope on page 1. Time is tracked in 15-minute increments, and a timesheet accompanies every invoice. If the project may exceed the estimate by more than 10%, the Designer first obtains the Client’s written approval.

03 Payment

The deposit equals 50% of the estimated design fee and is due upon signing. The final invoice covers the remaining hours worked, the rights transfer fee, and approved expenses. Invoices are payable within 7 days of receipt. Overdue balances accrue a 1.5% monthly service charge, and the Client is responsible for reasonable costs of collection.

04 Concepts and revisions

The first presentation includes three distinct concepts. The Client selects one, and the estimate includes two rounds of revisions to it. Additional rounds or out-of-scope changes are billed hourly, with the Client’s prior approval.

05 Expenses

Fonts and stock photos are not included in the design fee. The Designer bills them at cost, obtains approval before any purchase, and licenses them in the Client’s name. The Client pays its printer directly.

06 Client responsibilities

The Client provides feedback within 3 business days of each presentation, along with any required materials. Maya Okafor approves work on behalf of the Client, and approval by email is binding. The Client confirms that it owns, or has permission to use, all logos, photos, and text it supplies. Late feedback or materials extend the schedule accordingly.

07 Communication and changes

The Designer responds to email within one business day, Monday through Friday. Any change to this agreement must be made in writing, and email is acceptable.

08 Ownership

This is not a work-made-for-hire agreement. Rights transfer as described under Rights granted on page 4, for a fee of 25% of the design fee, upon receipt of full payment. Until then, the Designer retains all rights to the work.

09 Final files

Final files are delivered upon payment of the final invoice. The Designer keeps a backup for one year after delivery.

10 Portfolio use

After the public launch, the Designer may display the work, including preliminary concepts, in her portfolio, on her website and social media, and in design competitions.

11 Cancellation

Either party may terminate this agreement in writing. If the Client cancels before the three concepts are presented, the Designer retains the 50% deposit as a kill fee. If the Client cancels after that point, the full estimated design fee is due. In either case, the Client also pays expenses incurred. All rights to unfinished work remain with the Designer.

12 Rejection

If the Client ends the project because the work is unsatisfactory, the Client pays 50% of the estimated design fee before approving a concept, 75% after approving one, or 100% once final files are ready, plus expenses already incurred. No rights transfer to the Client.

13 Trademarks

The Client is responsible for trademark searches and registration. The work is original, but the Designer cannot guarantee that a logo will be accepted for registration.

14 Warranty and liability

To the best of the Designer’s knowledge, the final work is original, or the Designer has permission for any third-party elements in it. The Client indemnifies the Designer against claims arising from Client-supplied materials or from uses outside this agreement. The Designer’s liability is limited to fees paid and excludes indirect or consequential damages.

15 Dispute resolution

If either party breaches this agreement, the other party gives written notice and allows 30 days to cure the breach. The parties first attempt to resolve any dispute in good faith. Claims up to $12,500 go to small claims court in San Francisco. Larger disputes go to mediation through California Lawyers for the Arts before any lawsuit. California law governs this agreement, and the prevailing party in any litigation may recover reasonable attorney’s fees.

16 Acceptance

Both parties accept these terms by signing on page 4. This estimate is valid until November 2, 2026.

06

Rights granted

☒ *Ownership transferred*

Upon receipt of full payment, the Designer transfers to the Client all rights, title, and interest, including copyright, in the final approved deliverables, so the Client can register and protect its logo. The transfer fee is 25% of the design fee. The Designer retains all rights to preliminary sketches and to concepts not selected.
